SUMMARY

Software Engineering student with experience in web and mobile development using Flutter (Dart), MERN stack, and Next.js. Proficient in Python, Java, JavaScript, and Dart. Skilled in designing and developing scalable, user-centered applications with a strong focus on clean UI/UX, including prototyping in Figma. Experienced across backend and frontend.

EXPERIENCE

Mobile App Development | Freelance   **2023-Present**
- Developed 10+ cross-platform Android/iOS apps using Flutter, with 1K+ combined downloads.
- Collaborated with clients to deliver custom features such as real-time chat, in-app purchases, payment integration, location-based services and more.

Web Development | Freelance   **2023-Present**
- Built 6+ full-stack web applications using MongoDB, Express, React, Node.js, and Next.js.
- Delivered feature-rich dashboards, admin panels, and landing pages tailored to client needs and business goals.

UI/UX Design | Freelance   **2023-Present**
- Designed 10+ UI/UX prototypes for mobile and web apps using Figma.
- Translated user requirements into intuitive interfaces and design systems for startups and small businesses.

EDUCATION

BACHELORS   **Aug 2022- Present**
Bachelor of Science in Software Engineering. COMSATS UNIVERSITY ISLAMABAD
- CGPA : 3.22

INTERMEDIATE   **Aug 2020 - June 2022**
The Orbit Group of Schools and Colleges Swabi - Main Campus Tandkoi
- Percentage :92.36%

SKILLS

Mobile Development: Flutter (Dart) – Android & iOS
Web Development: MERN Stack, Next.js, Flutter, REST APIs
Programming Languages: Dart, JavaScript, Python, Java, PHP
Tools & Platforms: Firebase, MongoDB, Supabase, Figma.
Soft Skills: Problem-solving, Communication, Client Collaboration.
Version Control: Git, Github

PROJECTS

Petlove | Flutter, Providers, Firebase
- Flutter-based single-vendor e-commerce store for pet food and accessories, deployed on web and iOS.
- 100+ downloads on iOS; Play Store deployment in progress.

Taabaawi | Flutter, Providers, Firebase, PHP
- Single-vendor e-commerce app for tactical gadgets and gear, deployed on iOS and Android.
- 300+ combined downloads on both platforms.

Wowcouple | Flutter, Providers, Firebase, Getit, Hive
- Matrimonial app available on Android; iOS deployment underway. Designed the UI/UX to enhance user engagement and experience
- 10+ downloads on Google Play Store.

Banking Web Application | Next.js, Mongodb, Node.js
- Next.js web app designed to simplify banking for children.
- Designed a clean, age-appropriate UI/UX for better accessibility and user learning.

Sunshine Onward Travels | Wordpress, Custom Plugin, PHP
- Web app for booking taxi drivers.
- Handles 10+ monthly bookings.

Academora | React, Mongodb, Express, Node.js
- MERN stack web app for students to share, learn, and engage about universities.
- Led UI/UX design to create an intuitive and engaging user experience.
